

American Dental Hygienists' Association Application Procedures for Supporting Membership Category

Dental hygienists who hold a **current license** but are unemployed or are not employed in a dental hygiene related career are eligible for Supporting Membership. Dental hygienists who are employed in a position that can be considered one of the six roles of dental hygiene are not eligible, but they may apply for Professional membership.

Supporting member applicants must submit:

- A completed membership application and dues payment.
- Proof of current licensure (photocopy of license).

And for dental hygienists working in an unrelated field:

- A letter from current employer that states the applicant's current position in the organization.

Reverification for eligibility will be required on an annual basis prior to membership renewal. Supporting members will be required to submit a copy of their current dental hygiene license.

Please be sure to complete each of these steps before returning materials to ADHA. Applications will not be processed until all materials have been received.

Please return materials to:
